

QUINTO BENDING BRAKE NOMINATED TO THE TITLE „POLAND NOW”

The bending brake manufactured by QUINTO has been nominated to the „Poland Now” Polish Promotional Emblem in the 20th edition of the Best Products and Services Competition. The nomination is a confirmation of the high quality of products offered by the Company that is part of the COMPLEX S.A. Group.

QUINTO Sp. z o.o. is the market leader and a manufacturer of specialist equipment, appreciated on international markets as a manufacturer of structures and equipment for the mining, power and chemical industry. The nominated bending brake is manufactured in the Opole Mechanical Plant „OZAMECH”, the owner of which is QUINTO Sp. z o.o.

COMPLEX COUNTS ON EXPORT MARKETS

The Management Board of COMPLEX S.A. plans to increase foreign sales. In accordance with adopted strategy, they should increase to 60%. In 2009, export constituted 48% of all Company income.

HIGH QUALITY OF CELMA S.A. PRODUCTS

One of CELMA drills (model: PRCr 10/6 AEO) took the first place in a ranking of the „Produkcja Mebli” (furniture manufacture) magazine in the non-impact drills category, „the most popular among tool stores customers,”. CELMA, which has been part of the COMPLEX Capital Group since 2009, is the only manufacturer of power tools in Poland. CELMA S.A. has been providing its customers with quality power tools for wood, metal and stone processing for 50 years.

COMPLEX WILL OFFER SHARES TO ITS EMPLOYEES

Since the commencement of purchase of its own stocks (on 9th June, 2009), the COMPLEX company has purchased in total 252,000 stocks. The securities will be offered to company employees within the confines of an employee programme.

NEW QUINTO WEBSITE

The QUINTO Company, a part of the COMPLEX Capital Group, has launched a new website, www.quinto.pl. On the website you may find detailed information concerning all the products offered by the company. Work is in progress on the English and German language version of the website.
